

Round, flexible, simple, ...
For every application there
are the right D-Coat pipes.

Ordering information

- **Warehouse status**

Priority

available on request

„Priority goods“ can be supplied immediately; in the case of “on request” product delivery times of around 6 – 8 weeks should be reckoned with.

- **Standard pipe length:** 4 m; shorter pipe lengths on application.

D-COAT PIPE

- **ABS coating**

Steel pipe is coated with ABS plastic with an additional coating of the new PA-ABS material

- **Best chemical resistance**

Compared to the conventional ABS coating pipe, D-COAT pipe is outstanding in oil resistance and chemical resistance; in particular, salinity, rust preventative oil or cutting oil does not cause cracks or discolouration of the pipe

- **Colourful**

Comes in a variety of colours for use in various items or per company's image

- **Excellent durability**

With outstanding durability, this pipe is easily processed; rustproof coating inside the pipe provides superior corrosion resistance

Note: Reference is made in the following pages to a simplified Ø 28 mm; the exact diameter is 27.6 +0.15/-0.10 mm.
