TICO - Pipe Support Solutions

Tico has for many years supplied products into the pipe support systems market. This experience allows us to develop new solutions and refine existing ones to meet the changing requirements of the sector. The Tico product range is highly flexible and adaptable, so whatever the application, Tico can recommend a solution.

Pipe Supports

TICO Pipe Supports have been designed specifically to isolate pipes, minimising vibration transmission between pipework and hanger and preventing corrosion between dissimilar metals. There are three designs of Pipe Support, a 'Guide Type' with PTFE inside surface to allow movement of the pipework, a 'Grip Type' which securely holds the pipe in place to prevent movement and a 'VHT' Support with a +300°C maximum operational temperature.

Key Features & Benefits:

- Fire retardant synthetic rubber moulded components which do not support the surface spread of flame.
- Low evolution of toxic gases
- Variety of surface finishes available to customer specification.
- Manufactured in mild steel BS EN 10025, Grade S275JR
- A wide range of standard sizes
- Accurate threads mean easy fitting
- Provides an unrivalled level of cushioning and support

Grip Type

Guide Type

High Temperature VHT

Type Grip

- Serrated inner face on 'Grip Type' provides positive pipe retention
- Operational temperature range from -50°C to +120°C continuous, +150°C intermittent

Nominal Pipe Size		Part Number	Dimensions (mm)								
mm	Inch		A	B	C	D	F	G	K	M	X

For Cu/Ni pipes (based on seamless 'Kunifer 10' sizes) O/D of pipes conform to BS 2871 Part 2 Table 3. BS MA 18 Table 2 BS MA60. Also suitable for O/D stainless steel tubing.

TICO - Pipe Support Solutions

Clip Strips

Clip Strips have been designed to provide the highest level of shock and vibration isolation between pipe work and hangers. Available in three grades for varying applications, Clip Strips fit most common strap widths, are easy to install and can be supplied to suit temperatures up to +300°C.

Key Features & Benefits:

- A wide range of standard sizes
- Provides an unrivalled level of cushioning and support
- Pliable and easy to cut
- Prevents electrolytic action between dissimilar metals

Type S/CL

- Colour: Red
- Operational temperature: -40°C to +100°C

JW Ref Number	Base (A) Thickness	Clip Width (B)	Recess Depth (R)	Wall Width (W)
55-50	3mm (0.12")	12.5mm (0.49")	1.5mm (0.06")	3mm (0.12")
