

## HYDRAULIC PUMPS

# 1001 1002

### Function: Pressure source

- Double action single piston pump
- Two-way distributor
- Safety valve
- Aeration valve
- Tank
- Compact aluminium design
- Easy connection

### TECHNICAL PARAMETERS:

| Type                     | 1001    | 1002    |
|--------------------------|---------|---------|
| • Nominal pressure       | 16 MPa  | 25 MPa  |
| • Maximum pressure       | 25 MPa  | 32 MPa  |
| • Flow per double stroke | 14 ccm  | 9 ccm   |
| • Port (mm)              | M12x1.5 | M12x1.5 |
| • Tank capacity          | 0.55 l  | 0.55 l  |
| • Usable oil volume      | 0.4 l   | 0.4 l   |
| • Weight                 | 6.5 kg  | 2.5 kg  |
